

GHRCEM WAGHOLI PUNE

DEPARTMENT OF AIML

SY-B.Tech QUESTION BANK FOR CAE-II

SUBJECT: Computer Architecture and Organization (UCAIL201)

Sr no	Question	Unit	BL	CO	PO
1	Explain Memory Hierarchy in computer system with neat diagram.	III	2	3	3
2	Explain Memory Chip Hierarchy with diagram.	III	2	3	3
3	What is cache memory? Draw and explain block diagram of cache memory.	III	1	3	1
4	Explain Virtual Memory in detail with neat diagram.	III	2	3	1
5	Explain Internal Communication Methodologies.	III	2	3	1
6	Define Input and Output Devices in detail.	III	1	3	1
7	Explain any one Page Replacement Algorithm in detail.	III	2	3	2
8	Compare Paging and Segmentation.	III	4	3	2
9	Explain Mass Storage in detail.	III	2	3	1
10	Explain TLB in detail.	III	2	3	1
11	Explain concept of Pipelining in detail.	IV	2	4	1
12	Justify Pipelining is important in computer system.	IV	5	4	2
13	Explain working of Arithmetic and Instruction Pipeline.	IV	2	4	2
14	Explain the basics of logic design conventions.	IV	2	4	3
15	Explain Throughput, speedup and pipeline hazards related to pipelining.	IV	2	4	2
16	Explain Building Datapath in Pipeline.	IV	2	4	3
17	Explain Data Hazards in detail.	IV	2	4	2
18	Explain Control Hazards in Detail.	IV	2	4	2
19	Explain Forwarding versus Stalling in Data Hazards.	IV	2	4	3
20	Define Exception in detail.	IV	1	4	2
21	Explain Parallelism via instruction.	IV	2	4	2

Mr. Amitkumar Shinde

SUBJECT INCHARGE

Mrs. Rachna Sable
